"Hello" From the Chair

March 20 is the first day of spring, and the beginning of a very busy time in our lives. Not only does the snow and cold start to go away, but the flowers begin to bloom and the trees begin to leaf and the grass needs to be mowed, It is a wakeup call to the world.

It also signifies the kick off of our process to elect or re-elect a plethora of candidates to represent us at various levels of our government, as well as numerous ballot proposals.

But this year we have far more at stake. We are at a crossroads in our country. The new road leads us to bigger government, higher taxes, more rules, more control over our lives, loss of freedoms to worship the way that we choose; to prosper with hard work; to live under a free society and more. The other road, the path most taken in the past, is the road to live our lives under the current Constitution with all the freedoms it allots us.

Dear friends, what legacy do you want to leave your children and grandchildren? What do you intend to do about this situation? Are you willing to work hard to save this great nation? Or is it more important to some of you to fight over everything? Do you think it possible that we can work together on what we can agree upon to save our great nation?

There is a book **"Do it! - Let's Get Off Our Buts"**. It talks about all the **'BUTS'** that get in the way of **action**. I challenge all of you to get off your **'BUTS'**. Get involved and **'DO IT!'**

Have a grand and glorious day and God bless!
Your friend and neighbor,

Philia

Joe — 7 Years Old On Basketball

"We can learn so much from our kids. I asked Joe what changed after 4 games of no scoring then pulls out the first 8 points of his last game. His response "I just knew if I wanted to score I had to try harder and create some different moves no one was expecting, cause I really wanted a basket". Well folks, what do you want really bad that you are willing to try harder and do something different for?! Love his determination!! "

Hannah and Joey Montilla

Please take Joe's advice on how to succeed and try harder and create some different moves to ensure our country is free and safe for our kids and our 'Heroes' overseas to come home to.

Our Hero — Joe Montilla Age 7

Joe Montilla, Rob and Hannah Montilla's son, said it all when he stated 'I just knew if I wanted to score I had to try harder and create some different moves no one was expecting, cause I really wanted a basket'

Joe understands that anything worth getting has to be earned and one has to work hard and find inventive ways to succeed.

We all need to listen to Joe and remember that if something is really important to us we must work hard and find innovative ways to achieve our goals. Way to go Joe! Thanks for reminding us about the power of hard work and innovation.
