## "Hello" From the Chair

My heart is so full of things to say about what is going on in our country and the world today. I wish that I had been wrong, when back in the 80s I would say, "Get involved, what are you going to do when they march across our country?" Most would give me a look and say, "That can never happen! This is America!" I wanted to yell back at them that their answer was exactly why it could happen!

So here we are 30+ years later and our country is ready to fall off a cliff. We do have the enemy among us. We have an out of control government from the top down.

*"We the People" have let ourselves down.*

It won't be easy to take our country back. It is fraught with frustration and where do we start. It scares us so we run back to our texting and watching TV. We remember the old clichés, "I have to work and take care of the kids, I don't have time." What if our Founding Fathers had thought that way? Some of them even lost their property and fortunes striving to give us this awesome country. What if our Veterans had felt the same, and refused to fight, many giving up their lives?"

It is up to us folks, there is no other choice! What happens to the future and our kids lies in our hearts!

Have a grand and glorious day & God bless.  
Your friend and neighbor

*Philia*

## "Heroes" Corner

### Presidential Primary Voters

All of you who vote in the Prez Primary are heroes, especially if you researched the candidates and voted for the one you thought best. You didn't vote for someone because of their gender, color or nationality. You voted for the very best candidate. Maybe you even prayed about it. Our Country is hanging on a cliff ready to fall and it is in our hands to fix it. God Bless!

## Philis' Pearls of Wisdom

Who do you want to be our next President?

Voting is not only a responsibility, but a privilege. Our ancestors fought 'The War of Independence' to give us the privilege of electing the person we want to be our leader (President). They made us 'WE THE PEOPLE' the Board of Directors and handed us the gavel and laws to make sure our government was doing what 'We the people' want. This is very serious business and it made us the best, safest, most prosperous, and free country in the world. A country that people from other countries flocked to live in.

Please don't take this for granted. Get out and vote on Tuesday, March 8. Remind all your friends, neighbors, acquaintances, fellow workers, and strangers to do their civic duty and vote!

Primaries are to select the very best candidate in your party to run!
