## "Hello" From the Chair

Voting is over and they are still counting ballots as I write today, two days after the official election date. They are calling swing states for Biden and never for Trump. Trump has filed law suits against a couple of the states regarding poll watchers being able to really watch what is going on and other things. Judges have denied him the right to be heard. And there is a lot more to come.

Unofficially, as the election hasn't been certified as yet and if there are any recounts they haven't been done, we have some important news. For the first time in the history of Macomb County there will be more Republicans on the board of commissioners than Democrats. For the first time in the history of Macomb County 4 of the 6 county wide elected servants will be Republicans. For the first time in the history of Macomb County, when they do the redistricting of county commissioners next year it will be the Republicans who will be in charge. So it will be interesting to see if things will be different.

We are praying that Trump wins the election and that we can get on with things and bring our country back to law and order and the Constitutional Republic that it supposed to be.

If God has other plans for us, we are going to have to decide what we are going to do to keep our country a Constitutional Republic.

Stay calm and play golf like TRUMP!  
Ok in a nutshell. This is going to the Supreme Court. Where they will rule that the election is invalid due to fraud or mistakes on a country wide scale. It will go one of two ways, either they will rule that all the unconstitutional mail in ballots will be removed and the states ordered to recount without them or they will simply rule the election is invalid due to mass voter fraud and at that point it will be sent to the congress and senate for a vote. This is where it gets good. The house/congress votes on who the President will be. It has nothing to do with what party that has power. Every State gets one vote and 30 States are held by Republicans and 19 by Democrats. They have to vote down party lines, they have no choice due to the 12th Amendment of the Constitution and the Senate votes for the Vice President where a similar even will take place. This is The law. This is why the Democrats are so mad at Nancy Pelosi. This will all happen in January. The only way President Trump won't be President is if he concedes the election and that will never happen So stop watching the fake news and don't let your heart be troubled and live your life knowing this will all work out. President Trump will remain President I have researched all of this and it is Fact!  
Another fun fact, they call Gore the President Elect for 30 days in 2000 until the courts ruled against him and declared Bush the winner. And two people that were part of that decision was none other that new Supreme Court Justices, Brett Kavanaugh and Amy Coney Barrett. Why do you think the Democrats tried so hard to keep them from being confirmed. Copied from a friend. And it's truth. He's still your President!

## "Heroes" Corner

### Everyone that went out and voted

We would like to take this time to congratulate all those that helped candidates, urged others to get out and vote, and prayed for our country and candidates.

This was the most important election of our lifetime and it was one of the most important things that a citizen of our country could do was get out and vote to save our Christian Country and our Constitutional Republic. One of the most important things about it was saving our children, grandchildren as well as great grandchildren, etc.

God bless all of you and I hope and pray that we won and we stop the hate and destruction going on in our country. Have a blessed day my friends.

## Philis' Pearls of Wisdom

### Covid-19 Virus

SHUR would like to take this time to say how sorry we are about all the people who are sick with the Covid-19 Virus as well as other viruses and illnesses. We are sorry for all the people who have passed away from this evil virus and other health issues during these sad and trying times. We pray that they are 'Resting in Peace'! We also are praying for all their family, loved ones and friends who are mourning their loss. May God bless all the people and take away this evil virus from our land.

### 2020 General Election

It aint over until it is over folks. We must stand up and stand behind the elected servants that are working on our side. It is much easier to stand up if you know someone has your back. Also we must stand up to the elected servants that are not doing our will and let them know we aren't happy. If they continue to do what we don't want then we must take them to task and make sure that they either get recalled or ousted in the next election. We must find good people to run, that we can support and help them. We can't hide our heads in the sand any longer.

The election won't be official until they verify the votes in each county and then the electoral college meets and votes. There are a lot of things going on right now like law suits and even the Supreme Court may be looking at it. We have to stay strong behind our side and pray and pray that we can prove what we know, that this election was rigged, not by the Russians, or Trump, but by the progressive left.

Please stay tuned and as soon as I have any pertinent information I will let you know.
