"Hello" From the Chair

Happy New Year and may God bring us a better year .

As I write this I'm not yet sure who is going to be President in 2021. My heart is still full of anxiety because our government doesn't seem to care if we have a legal President or not. Will 2021 be the year of the fall of the Great American Constitutional Republic? Could this be the last time we even have an election for President? Could there be an uprising in our country? WOW so much to think about and pray about. What will happen to our children and our grandchildren?

If Biden wins, will the Wall that President Trump is building be torn down? Will all illegal aliens be welcome? Will we rejoin all the groups that President Trump withdrew us from and kill our economy again? Will Biden place all the laws back on the corporations so that they move out of our country again and jobs will disappear? Will our taxes go up so dramatically that we won't be able to afford to buy anything or pay or bills? Will our children continue to be taught lies and continue to be brainwashed?

Please Lord don't let any of that happen. Please, if it be your will, save our country and forgive us for all but destroying the best country ever that you so graciously gave us. Please help us to remain a Constitutional Republic as our Constitution says we are. Thank you Lord.

Have a grand and glorious day. All God's blessings
Your friend and neighbor,

Philia

WHAT SAY YOU

Happy New Year to one and all

What do you see happening in 2021 and what are you willing to do about it?

1. How much longer will you put up with being quarantined?
2. How many restaurants, etc. have to go out of business before you are willing to do something about it?
3. If Biden is officially sworn in as President are you willing to pay attention and work against the destruction of our Constitutional Republic?
4. Are you willing to petition to recall elected servants?
5. Are you willing to pray for our country and our kids and ask God to forgive us and save us and our Land?
6. If there isn't anyone worth voting for on the ballot, are you willing to go out and find someone else or even run yourself?
7. Just what are you willing to do to save our country?

Civics 101:

We do NOT live in a democracy, we live in a constitutional republic with democratically held elections.

The difference?

In a democracy, 51% of the people can take 100% of your rights
In a constitutional republic, the rights of all are equally protected.
Freedom of choice is allowed in a constitutional republic.

In a democracy ... the mob rules.

Covid-19 Virus

SHUR would like to take this time to say how sorry we are about all the people who are sick with the Covid-19 Virus as well as other viruses and illnesses. We are sorry for all the people who have passed away from this evil virus and other health issues. We pray that they are 'Resting in Peace'! We also are praying for all their family, loved ones and friends who are mourning their loss. May God bless one and all.

"Heroes" Corner

Prayer Warriors

Dear Prayer Warriors, thank you for continually praying for our country and all the people in it. Thank you for understanding that we need to ask God to save our Land and to save our children also. Please continue to pray and then pray some more. Please speak out and help bring others to prayer also. God is our hope and our salvation. Please pray for President Trump and ask God to intervene and continue his Presidency. Please help us to stay involved and work to bring our country back so we don't lose our Constitutional Republic that our Founding Fathers so intelligently wrote into our Constitution. God bless all of you.

Philis' Pearls of Wisdom

Consider What Happens When You Give Elected Servants Consequences

When Blanchard was running for Gov. he promised not to raise the income tax except as a last resort. Yet as soon as he was elected he raised our income tax. The people got angry and went out and started recalls of several State Senators across the state. Many people thought this was never going to work. How in the world would we get enough signatures to recall a State Senator? Well in the end we did recall 2 of them One was right here in Macomb County. Sen. Serotkin's name was put on the ballot and he lost his seat. Sen. Phil Mastin of Oakland County lost his also. The first thing that happened was that Gov. Blanchard lowered the taxes back to where they were. If 'We the People' gave our elected servants consequences for their actions more often they would become afraid of us and what we would do to them, recall them, not re elect them next time around, etc. This would cause them to listen to the people more and stop listening so much to lobbyists and rich evil people. We hold them in the palm of our hands if we just got up and did our job as the Board of Directors of this huge corporation called the United States of America. We choose who our CEOs are and other leaders by hiring them through elections. It is up to us to make sure they are doing our will or they get punished in some way like being fired.

"We must shake off this indifference; this destructive tolerance of evil. Only our faith in the wisdom of Christ can save us. But, it requires warriors!"
